

# Open the chat box

Type in your name, where you're from and share your website/social media if you have them

# To Save the chat

Press the three dots at the bottom right hand corner of the chat box then press **save chat**. This will export all of the text to a file on your computer.

Don't worry if it doesn't work, we'll be sharing all of this [on our website](#) afterwards.

Thanks for coming!
